The Company paid the following remuneration to the auditors during the year:

	2014	2013
	\$	\$
Audit fee	12,000	12,000
Other services	1,856	3,463

For and on behalf of the Board of Directors, which authorised the issue of the financial report on 29 October 2014

Director - Steve Surridge

Director - Keiran Horne

INDEPENDENT AUDITOR'S REPORT

TO THE READERS OF COALCORP INSURANCE SERVICES LIMITED'S FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

The Auditor-General is the auditor of CoalCorp Insurance Services Limited (the company). The Auditor-General has appointed me, Alex Skinner, using the staff and resources of KPMG, to carry out the audit of the financial statements of the company, on her behalf.

We have audited the financial statements of the company on pages 6 to 16 that comprise the statement of financial position as at 30 June 2014, the statement of comprehensive income, statement of changes in equity and statement of cashflows for the year ended on that date and the notes to the financial statements that include accounting policies and other explanatory information.

Opinion

Financial statements

In our opinion the financial statements of the company on pages 6 to 16:

- comply with generally accepted accounting practice in New Zealand; and
- give a true and fair view of the company's:
 - financial position as at 30 June 2014; and
 - financial performance and cash flows for the year ended on that date.

Emphasis of Matter - Going concern assumption

Without modifying our opinion, we draw your attention to the disclosures in note 2 (a) on page 10 which states that the financial statements have been prepared using the going concern assumption. Fundamental to the use of that assumption is the ability of Solid Energy New Zealand Limited (the parent), and its subsidiaries (the group) to continue operations as those entities are the only customers of the company.

Furthermore, as included in more detail in note 2 (a) Solid Energy New Zealand Limited and its subsidiaries (the group) completed a capital restructure with the group's shareholder and the requisite number of banks and note-holders in October 2013. There is material uncertainty relating to the level of future coal prices, exchange rates and operating costs that will determine the group's ability to generate sufficient cash flows to repay, or be able to refinance, debt at maturity. The company is a guarantor under this restructure.

These matters indicate a material uncertainty over the company's ability to continue as a going concern in the foreseeable future.

If the company is unable to continue as a going concern, adjustments may have to be made to reflect the situation that assets may have to be realised and liabilities extinguished at amounts which could differ from the amounts at which they are recorded in the statement of financial position.

We consider the disclosures to be adequate.

Other legal requirements

In accordance with the Financial Reporting Act 1993 we report that, in our opinion, proper accounting records have been kept by the company as far as appears from an examination of those records.

Our audit was completed on 29 October 2014. This is the date at which our opinion is expressed.

The basis of our opinion is explained below. In addition, we outline the responsibilities of the Board of Directors and our responsibilities, and explain our independence.

Basis of opinion

We carried out our audit in accordance with the Auditor-General's Auditing Standards, which incorporate the International Standards on Auditing (New Zealand). Those standards require that we comply with ethical requirements and plan and carry out our audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Material misstatements are differences or omissions of amounts and disclosures that, in our judgement, are likely to influence readers' overall understanding of the financial statements. If we had found material misstatements that were not corrected, we would have referred to them in our opinion.

An audit involves carrying out procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including our assessment of risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the preparation of the company's financial statements that give a true and fair view of the matters to which they relate. We consider internal control in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

An audit also involves evaluating:

- the appropriateness of accounting policies used and whether they have been consistently applied;
- the reasonableness of the significant accounting estimates and judgements made by the Board of Directors;
- the adequacy of all disclosures in the financial statements; and
- the overall presentation of the financial statements.

We did not examine every transaction, nor do we guarantee complete accuracy of the financial statements.

In accordance with the Financial Reporting Act 1993, we report that we have obtained all the information and explanations we have required. We believe we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

Responsibilities of the Board of Directors

The Board of Directors is responsible for preparing financial statements that:

- comply with generally accepted accounting practice in New Zealand; and
- give a true and fair view of the company's financial position, financial performance and cash flows.

The Board of Directors is also responsible for such internal control as it determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Board of Directors is also responsible for the publication of the financial statements, whether in printed or electronic form.

The Board of Directors' responsibilities arise from the State-Owned Enterprises Act 1986 and the Financial Reporting Act 1993.

Responsibilities of the Auditor

We are responsible for expressing an independent opinion on the financial statements and reporting that opinion to you based on our audit. Our responsibility arises from section 15 of the Public Audit Act 2001 and section 19(1) of the State-Owned Enterprises Act 1986.

Independence

When carrying out the audit we followed the independence requirements of the Auditor-General, which incorporate the independence requirements of the External Reporting Board.

Other than the audit, we have no relationship with or interests in the company.

A handwritten signature in blue ink, appearing to read 'Alex Skinner', with a large, sweeping flourish extending to the right.

Alex Skinner
KPMG

On behalf of the Auditor-General
Christchurch, New Zealand

The accompanying notes form an integral part of these Financial Statements

Notes to the Financial Statements for the year ended 30 June 2014

1. Corporate information

CoalCorp Insurance Services Limited is a profit oriented company incorporated in New Zealand. The parent company is Solid Energy New Zealand Limited.

CoalCorp Insurance Services Limited is registered under the Companies Act 1993.

2. Summary of significant accounting policies

(A) Basis of preparation

The financial statements for the year ended 30 June 2014 have been prepared in accordance with Generally Accepted Accounting practice in New Zealand and the requirements of the Companies Act 1993, the Financial Reporting Act 1993, and the State Owned Enterprises Act 1986.

The financial statements comply with New Zealand equivalents to International Financial Reporting Standards, and other applicable Financial Reporting Standards, as appropriate for profit-oriented entities. The financial statements comply with International Financial Reporting Standards (IFRS).

CoalCorp Insurance Services Limited was issued with a full license as a captive insurance company under the Insurance (Prudential Supervision) Act 2010 on 18 April 2013 and became an issuer under section 4(1) (da) of the Financial Reporting Act 1993 on 1 July 2012.

The financial statements have been prepared on a historical cost basis except for financial assets and financial liabilities carried at fair value using the going concern assumption. Fundamental to the use of the going concern assumption is the ability of Solid Energy New Zealand Limited (the parent), and its subsidiaries (the group) to continue operations as those entities are the only customers of the company.

Furthermore, the group completed a capital restructure with the group's shareholder and the requisite number of banks and note-holders in October 2013. There is material uncertainty relating to the level of future coal prices, exchange rates and operating costs which have impacts on the group's ability to generate sufficient cash flows to repay, or be able to refinance, debt at maturity. The company is a guarantor under this restructure. These matters indicate a material uncertainty over the company's ability to continue as a going concern in the foreseeable future.

Subsequent to balance date the Solid Energy group signed a Deed of Indemnity and Bond Facility with the Crown which creates an asset of \$103 million. (refer to Note 13).

The Financial Statements are presented in New Zealand dollars and all values are rounded to the nearest thousand dollars (\$'000).

(B) Changes in accounting policies

There have been no material changes in accounting policies in the current year.

(C) Premium Recognition

The company's primary revenue is from providing insurance services. Premium revenue is recognised from the date of attachment of risk. Premium income earned is recognised on the basis of passage of time. Any premiums received in advance are recognised on the Statement of Financial Position as a liability named "Income in advance".

(D) Reinsurance Premium

The reinsurance premium paid is recognised as an expense in profit or loss in accordance with the pattern of reinsurance services received. Prepaid reinsurance premiums are recognised in the Statement of Financial Position as an asset named "Prepaid Reinsurance".

Notes to the Financial Statements

for the year ended 30 June 2014

(E) Income Tax

The income tax expense charged to profit or loss includes both the current year liability and the income tax effects of timing differences after allowing for non-assessable income and non-deductible expenses.

Subvention payables are recognised when the amount of the subvention payment can be reliably estimated and the company has confirmed its intention to make payment to Solid Energy New Zealand Limited to utilise group tax losses.

(F) Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits with an original maturity of three months or less, bank overdrafts and overnight cash facilities.

(G) Intercompany Loan

The intercompany loan is measured at fair value. Interest is charged at market rates and therefore the carrying value is considered to be the same as net market value.

(H) Accounts payable

Trade and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the company prior to the end of the financial year that are unpaid and arise when the company becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

(I) Provision for Claims / Claims Paid

Claims expense represents payments for claims and the movement in outstanding claims liabilities. Reinsurance and other recoveries receivable on claims are recognised as revenue.

Full provision is made for the estimated present value of claims notified but not settled at balance date. Provision is made for settlement costs. Provision is also made for the costs of claims incurred at balance date but not reported until after balance date. No provision is made for claims incurred but not reported as the company is a captive insurer and the group has a policy of reporting all claims incurred when they occur. Claims incurred are stated gross of reinsurance recoveries. Outstanding claims liabilities are measured as the best estimate of the present value of the future claim payments. For claims expected to be settled in the next financial year, the liability of the claim is measured as the amount of the expected future payment.

(J) Goods and Services Tax

All Goods and Services Tax (GST) amounts are shown exclusive of GST, except for receivables and payables that are stated inclusive of GST.

Notes to the Financial Statements

for the year ended 30 June 2014

3. Underwriting account

	2014 \$'000	2013 \$'000
Gross insurance premiums earned	4,075	5,336
Deduct gross reinsurance premiums paid	(3,661)	(4,832)
Claims provision incurred	-	90
NET UNDERWRITING PROFIT	414	594

4. Claims Provision

	As at 30 Jun 14 \$'000	As at 30 Jun 13 \$'000

Bond Premium amortisation	-	6
Subvention expense	1,691	2,498
	<u>1,691</u>	<u>2,504</u>
MOVEMENTS IN WORKING CAPITAL:		
Trade and other receivables	(80)	7
Prepaid reinsurance	1,072	1,317
Trade creditors	(1,037)	3,997
Provision for claims	-	(262)
Income in advance	(1,246)	(1,138)
Tax payable	-	(578)
	<u>(1,291)</u>	<u>3,343</u>
NET CASH FLOWS FROM OPERATING ACTIVITIES	<u>400</u>	<u>5,847</u>

7. Related Parties

During the year CoalCorp Insurance Services Limited provided insurance to its parent company, Solid Energy New Zealand Limited, the value of these services during the year was \$4.4 million (2013: \$5.7m). The services have been conducted on a normal commercial basis.

CoalCorp Insurance Services Limited had a loan due from its parent company Solid Energy New Zealand Limited of \$14.1 million (2013: \$46.2 million) and earned interest at a rate of 5% on the loan during the year totalling \$1.3 million (2013: \$2.2m).

CoalCorp Insurance Services Limited recognised a subvention payment due to Solid Energy New Zealand Limited of \$1.69 million (2013: \$2.5m).

Notes to the Financial Statements

for the year ended 30 June 2014

8. Equity

	Year Ended 30 Jun 14 \$'000	Year Ended 30 Jun 13 \$'000
10,874,304 Ordinary shares - issued and fully paid	<u>10,874</u>	<u>10,874</u>

Fully paid ordinary shares carry one vote per share and carry equal right to dividends and surplus on winding up.

Capital and Reserves are retained to ensure that the maximum amount of probable loss that can be sustained by the company, from any individually large or multiple events, is able to be met after taking into account premiums received and reinsurance purchased.

The company's solvency margin at 30 June 2014 was \$5.0 million (2013: \$3.5 million).

9. Dividends

Dividends of \$31.9 million were paid to the parent company Solid Energy New Zealand Limited during the year ended 30 June 2014 (30 June 2013: \$Nil). The dividend was declared on 28 November 2013.

Notes to the Financial Statements

for the year ended 30 June 2014

10. Risk Management

INSURANCE RISK

The Company is a captive insurance company providing insurance for Solid Energy New Zealand Limited and its subsidiaries.

The insurance risk taken on by the company is the possibility that the company will have to compensate the policyholder if a specified uncertain future event adversely affects the policyholder. These risks are unpredictable. The company has estimated in these financial statements the likely amounts which are expected to be paid out both in respect of claims incurred and expected future claims. The company is therefore at risk that the carrying amounts of insurance liabilities and assets recognised in the financial statements will be exceeded by the amount of the actual claims. This could occur when the claim is of a greater severity than expected. All claims are expected to be settled within one year and there is no provision for inflation or discounting.

The company's objective is to minimise this insurance risk to within acceptable levels through policies which manage its insurance risk. The company has developed an underwriting strategy which limits its exposure within acceptable levels for each type of insurance risk. The company has reinsurance with reputable reinsurance companies to limit the company's exposure to insurance risk. CoalCorp Insurance Services Limited's risk exposure net of reinsurance at the time of this report was limited to \$1.5 million property damage and business interruption in the annual aggregate.

The company assesses the adequacy of the unearned premium liability at each reporting date by considering current estimates of all expected and contractual cashflows. Claims are expected to be infrequent and the unearned premium liability is considered to be adequate.

INTEREST RISK

The company has no exposure to interest risk on its insurance business as all contracts are expected to be settled within a year. There are no other material exposures to interest risk.

LIQUIDITY RISK

Liquidity risk is the risk that the Company may encounter difficulty in raising funds at short notice to meet its commitments and arises from any mismatch of the maturity of monetary assets and liabilities. The company manages this risk by forecasting future cash requirements and keeping a stable funding base.

CREDIT RISK

Credit risk arises from the financial assets of the company, which comprise cash and cash equivalents, short term investments, receivables and Intercompany loans.

The company is also exposed to credit risk on reinsurance claims, where such claims are accrued. The company's exposure to credit risk arises from potential default of the counter party, with a maximum exposure equal to the carrying amount of these instruments. The company trades only with recognised, creditworthy reinsurers with a minimum S & P Rating of "A" to minimise this risk.

11. Commitments

There were no capital commitments at 30 June 2014 (2013: Nil).

12. Contingencies

There were no contingent assets or liabilities at 30 June 2014 (2013: Nil).

Notes to the Financial Statements

for the year ended 30 June 2014

13. Significant after reporting date transactions

Subsequent to reporting date, the Solid Energy group signed a Deed of Indemnity and Bond Facility with the Crown. The Deed of Indemnity creates an asset, recognised on signing, of \$103 million. Under this Deed the Crown will reimburse the costs of the rehabilitation expenses of Solid Energy, Pike River (2012) Ltd and Spring Creek Mining Company to the extent of \$103 million in present value terms.

There were no other significant events after the reporting date.

1st October 2014

Appointed Actuary

Re: Coalcorp Insurance Services Limited: Report as at 30th June 2014 under Sections 77 and 78 of the Insurance (Prudential Supervision) Act 2010

You have asked me to prepare this report in terms of the above sections of the Act, and I would like to comment further as follows:

1. I have reviewed the actuarial information included in the audited accounts for Coalcorp Insurance Services Limited as at 30th June 2014. “Actuarial information” includes the following:
 - policy liabilities;
 - balance sheet and other information allowed for in the calculation of the company’s solvency position; and
 - disclosures regarding the methodology and assumptions used for calculating policy liabilities, and other disclosures.
2. No limitations have been placed on my work.
3. I am independent with respect to Coalcorp Insurance Services Limited as defined under professional standard ISA (NZ) 620 of the External Reporting Board.
4. I have been provided with all information that I have requested in order to carry out this review.

5. In my view the actuarial information contained in the financial statements has been appropriately included, and the actuarial information used in the preparation of the financial statements has been appropriately used.
6. Coalcorp Insurance Services Limited exceeded the minimum solvency requirement of the RBNZ solvency standard for captive non-life insurers as at 30th June 2014. The company is also projected to exceed the minimum requirement at all times over the next three years.

I would be very happy to answer any queries concerning this report.

Yours sincerely

Peter Davies B.Bus.Sc., FIA, FNZSA
Appointed Actuary
