Note 1: Basis of Reporting

Reporting Entity

The reporting entity is Summer KiwiSaver Scheme ("the Scheme"), formerly Forsyth Barr KiwiSaver Scheme. These financial statements show the collective financial performance, financial position and cash flows of the eight Funds that make up the Scheme as the Scheme is considered a single entity per clause 4.8 of the Trust Deed. The eight Funds, whose information is reported and presented collectively within the financial statements, are as follows:

- Summer New Zealand Cash
- Summer New Zealand Fixed Interest
- Summer Global Fixed Interest
- Summer New Zealand Equities
- Summer Australian Equities
- Summer Listed Property
- Summer Global Equities
- Summer Investment Selection

Collectively these Funds are referred to throughout these financial statements as the Scheme. Where a member chooses to invest in the Summer Investment Selection only, this is referred to as Summer Investment Selection. Where members make their own investment choices, in any combination in the eight Funds, this is referred to as My Plan.

The Scheme is governed by a Trust Deed ("Original Trust Deed") dated 16 May 2008, as amended by a further Deed of 12 September 2012 ("Existing Trust Deed") with Forsyth Barr KiwiSaver Limited (now Forsyth Barr Investment Management Limited) (the "Manager") and Trustees Executors Superannuation Limited, subsequently changed to Trustees Executors Limited (the "Supervisor") as the supervisor.

The Existing Trust Deed was amended by substituting all provisions of the Existing Trust Deed with all provisions of a new Trust Deed dated 16 September 2016. The amendment was made to comply with and to reflect the requirements of the Financial Markets Conduct Act 2013 ("FMCA"), Financial Markets Conduct Regulations 2014 and other enactments made pursuant to the FMCA, to make a number of minor amendments in connection with the Scheme becoming registered under the FMCA and to reflect that the Manager determined to rename the Scheme the "Summer KiwiSaver Scheme".

The Scheme is a defined contribution scheme under the KiwiSaver Act 2006 and provides retirement benefits to members. As a defined contribution scheme, members contribute to the Scheme over time and benefits payable depend on the amount of contributions made and any returns on contributions received.

The Manager of the Scheme is Forsyth Barr Investment Management Limited ("the Manager"), formerly Forsyth Barr KiwiSaver Limited and the Supervisor of the Scheme is Trustees Executors Limited ("the Supervisor"). The Scheme is domiciled and registered in New Zealand and its registered office is Level 9, Forsyth Barr House, The Octagon, Dunedin 9054.

Statutory Base

The Scheme is an FMC Reporting Entity under the Financial Markets Conduct Act 2013 and is subject to the provisions of that Act.

The financial statements have been prepared in accordance with the requirements of the Financial Markets Conduct Act 2013, the KiwiSaver Act 2006 and the Trust Deed.

Basis of Preparation

The financial statements have been prepared in accordance with Generally Accepted Accounting Practice in New Zealand ("NZ GAAP"). They comply with New Zealand equivalents to International Financial Reporting Standards ("NZ IFRS") and other applicable Financial Reporting Standards, as appropriate for profit oriented entities. The financial statements also comply with International Financial Reporting Standards ("IFRS").

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of financial assets at fair value through profit or loss. The methods used to measure fair values are disclosed further below. The accrual basis of accounting has been applied, as has the going concern assumption.

Functional and presentation currency

The financial statements are presented in New Zealand dollars (\$), which is the Scheme's functional currency, on the basis that the Scheme's investors are mainly based in New Zealand, with the contributions and withdrawals denominated in New Zealand dollars. All financial information presented in New Zealand dollars has been rounded to the nearest thousand.

The accounting policies have been consistently applied to all periods presented unless otherwise stated.

Standards and amendments to existing standards effective 1 April 2018 impacting the Scheme

The Scheme has adopted NZ IFRS 9 Financial Instruments ('NZ IFRS 9') for the first time for the year commencing 1 April 2018. The adoption of NZ IFRS 9 has been applied retrospectively and did not result in a significant change to the classification or measurement of financial instruments in either the current or prior year. The Scheme holds financial assets which had previously been designated as fair value through profit or loss or held for trading. On adoption of NZ IFRS 9, these financial assets are now mandatorily classified as fair value through profit or loss; there are no changes to the measurement of these financial assets. The Scheme also holds cash and cash equivalents and trade and other receivables which were classified as loans and receivables.

Under NZ IFRS 9, the Scheme needs to assess on a forward looking basis, the expected credit loss associated with the financial assets carried at amortised cost. The Scheme considers both forward looking information and the financial history of counterparties to assess the probability of default or that full settlement is not received. Trade and other receivables are assessed using the simplified approach of assessing the lifetime expected loss allowance.

On adoption of NZ IFRS 9, cash and cash equivalents and trade and other receivables are now classified and measured at amortised cost. The adoption of NZ IFRS 9, has had no material impact on the Scheme's financial statements and no material adjustments are noted on transition.

NZ IFRS 15 'Revenue from contracts with customers' is effective for annual periods beginning on 1 April 2018. All material income streams associated within the Scheme are derived from financial instruments and other contractual rights and obligations within the scope of NZ IFRS 9 'Financial Instruments' and therefore the standard has no material impact on the Scheme.

There are no other standards or amendments to existing standards that are issued but not yet effective that are expected to have a material impact on the Scheme's financial statements.

Significant Accounting Policies

Significant accounting policies which are specific to certain transactions or balances are set out within the particular note to which they relate. The significant accounting policies which are pervasive to the financial statements are set out below. Accounting policies have been applied consistently to all periods presented in the financial statements.

Critical judgements, estimates and assumptions

The preparation of financial statements requires the Manager to make judgements, estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Judgements are included in the relevant notes. There are no material assumptions or major sources of estimation uncertainty in the preparation of these financial statements. However as with all investments their value is subject to variation due to market fluctuations. The Manager has also used judgement in the categorisation of its financial assets and liabilities at fair value through profit or loss in accordance with the fair value hierarchy under NZ IFRS 13.

Interest Income on financial assets at amortised cost

Interest income is recognised on cash and cash equivalents as the interest accrues using the effective interest rate method.

Expenses

All expenses, including management fees, registry fees and other sundry expenses, are recognised in the statement of changes in net assets on an accrual basis.

Goods and services tax (GST)

The Scheme is not registered for GST. All items in the Statement of Changes in Net Assets and the Statement of Net Assets are stated inclusive of GST.

Net Assets available for benefits

The liability for promised retirement benefits is the Scheme's present obligation to pay benefits to members and has been calculated as the difference between fair value of the assets and the fair value of the liabilities at balance date.

Note 2: Net Change in Fair Value of Financial Assets

Policy

All changes in fair value of financial assets at fair value through profit or loss are recognised in the Statement of Changes in Net Assets, including gains or losses arising on sale.

	2019 \$000	2018 \$000

Note 3: Related Parties

Forsyth Barr Investment Management Limited, as the Manager of the Scheme, is entitled to a Management Fee of up to 0.90% per annum (based on gross asset value per annum) for services as Manager. Where the Scheme invests in Forsyth Barr Investment Funds, management fees paid by the underlying funds are rebated to the Scheme.

Management fees are payable monthly in arrears.

Fees paid and payable by the Manager to related parties for the year ended 31 March were as follows:

	2019 \$000	2018 \$000
Forsyth Barr Investment Management Limited		
<i>Fees paid and payable to related parties</i>

Note 4: Financial Assets at fair value through P&L

Policy

The Manager classifies the Schemes' investments at fair value through profit or loss at initial recognition. The financial assets can be classified as such, as the Manager makes purchase and sale decisions based on the investments fair value and in accordance with the investment strategy. Purchases and sale of investments are recognised on the trade date, being the date on which the Scheme commits to purchase or sell the investment.

Subsequent to initial recognition financial assets are measured at fair value with any gains or losses recognised in the Statement of Changes in Net Assets when they arise. Interest income related to financial assets at fair value through profit or loss are recognised as interest income using the effective interest method.

Fair value

The Manager classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 quoted prices (unadjusted in active markets) for identical assets.

Level 2 inputs other than quoted prices included within level 1 that are observable for the asset, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 inputs for the asset that are not based on observable market data.

The Scheme's financial assets are classified as Level 2 in the fair value hierarchy. These assets comprise managed funds investments and directly held fixed financial assets.

The fair value of financial assets is determined by reference to unit price calculated by the various investment funds in which the scheme holds financial assets, or from available quoted prices for direct held investments. These unit prices are based on net asset valuation derived from available quoted prices of similar units.

	2019 \$000	2018 \$000
New Zealand Equities	20,407	13,270
New Zealand Property	12,298	7,827
New Zealand Fixed Interest	39,852	21,630
Global Equities	46,363	38,623

Forsyth Barr Global Equities Fund	30,634	24.5%	26,996	31.9%

Note 5: Financial Instruments and Risk Management

Policy

Financial instruments currently recognised in the financial statements comprise cash and cash equivalents, trade and other receivables, financial assets at FVTPL, member attributed tax and trade and other payables.

The carrying amount of financial assets and financial liabilities recorded in the financial statements approximates their fair values.

Cash and cash equivalents include cash in hand and deposits held at call with banks, denominated in New Zealand dollars and in foreign currencies and are recorded at amortised cost.

Trade and other receivables are amounts representing assets owing to the Scheme and may include amounts due for contributions receivable and other receivables such as interest or dividends and are recorded at amortised cost.

Financial assets at fair value through profit or loss can be either designated as such upon initial recognition or mandatorily measured at fair value. The portfolio of financial assets is managed and performance is evaluated on a fair value basis.

Trade and other payables are amounts representing liabilities and accrued expenses owing by the Scheme at period end and may include outstanding settlement payable, withdrawals payable, other payables and related party payables and are recorded at amortised cost.

Member attributed taxation is PIE tax payable to Inland Revenue on behalf of members and is recorded at amortised cost.

The following table details the Scheme's financial assets and liabilities by category:

	2019 \$000	2018 \$000
Amortised cost		
Cash and cash equivalents	5,607	3,261
Trade and other receivables	541	363
Fair value through profit or loss		
Financial assets at fair value through profit or loss	119,627	81,610
Total financial assets	125,775	85,234
Financial liabilities (at amortised cost)		
Trade and other payables	184	157
Member attributed taxation	590	359
Total financial liabilities	774	516

Financial risk management policies

The Scheme is subject to various types of financial risks which arise as a result of its activities, including: market risk, liquidity risk and credit risk.

(a) Market Risk

Market risk is the risk that the Scheme's profit or loss will fluctuate as a result of changes in market conditions. The Scheme is exposed directly, and indirectly, to unit price risk, interest rate risk and currency risk through its holdings of cash and equity investments.

(i) Unit price risk

Unit price risk is the risk that the fair value or future cash flows of non monetary financial instruments will fluctuate because of changes in market prices. Market price changes can occur due to competition, regulatory changes, commodity price changes and changes in general economic climate domestically and internationally.

Sensitivity Analysis

The following table shows the sensitivity of profit for the year and members' accounts to a 10% change in unit trust prices as at 31 March:

	2019 \$000	2018 \$000
Financial assets at fair value through profit or loss		
Carrying Amount	119,627	81,610
Impact of a -10% change in unit trust prices		
Profit	(11,963)	(8,161)
Members' Funds	(11,963)	(8,161)
Impact of a +10% change in unit trust prices		
Profit	11,963	8,161
Members' Funds	11,963	8,161

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Scheme has no material direct exposure to interest risk. The Scheme is indirectly exposed to interest risk through certain of the fixed interest denominated funds quoted by Forsyth Barr Investment Funds.

(iii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Scheme has no material direct exposure to currency risk. The Scheme is indirectly exposed to currency risk through certain of the foreign currency denominated funds

quoted by Forsyth Barr Investment Funds. Any currency risk is reflected in the unit price of the relevant Investment Funds.

(b) Liquidity Risk

Liquidity risk is the risk that the Scheme will experience difficulty in either realising assets or otherwise raising sufficient funds to satisfy commitments associated with financial instruments. The Scheme holds the majority of its investments with various funds managed by Forsyth Barr Investment Funds. The Scheme is indirectly exposed to the liquidity risk management processes of the funds, the Scheme has some direct exposure through directly held fixed interest investments. Forsyth Barr Investment Funds and the Scheme manages liquidity risk by holding the majority of its investments in listed financial instruments that are traded in active markets that can be readily disposed of.

The Scheme's financial liabilities consist of trade and other payables which are short term in nature and classified as a current liability at balance date.

(c) Credit Risk

Credit risk is the potential risk of financial loss resulting from the failure of counterparties to honour fully the terms and conditions of a contract with the Scheme. The maximum credit risk of financial instruments is considered to be the carrying amount on the Statement of Net Assets. Financial instruments that subject the Scheme to credit risk consist primarily of financial assets at FVTPL, trade and other receivables and cash and cash equivalents.

The Scheme measures credit risk and expected credit losses using the probability of default, exposure at default and loss given default. Management considers both historical analysis and forward looking information in determining any expected credit loss. The risk of non recovery of monetary assets is considered by the Manager to be minimal due to the quality of counterparties dealt with. No loss allowance has been recognised based on 12 month expected credit losses as any such impairment would be wholly insignificant to the Scheme.

The investment strategy incorporates an appropriate diversification of investments (at an underlying unlisted unit trust level) so that the Scheme has no significant concentration of credit risk.

Note 6: Capital Management

Policy

The Scheme manages its Members' accounts as capital. Each unit in a fund is the same as any other unit in that fund, and represents an interest in the net assets of that fund. The unit price of the fund is determined as the net asset value of the fund divided by the number of units on issue. As at balance date the Scheme classified all units in Members' accounts as follows:

	Members' Funds 2019 \$ 000's	Net Asset Value Per Unit 2019 \$	Members' Funds 2018 \$ 000's	Net Asset Value Per Unit 2018 \$
Summer New Zealand Cash	2,717	1.038	1,525	1.021

Summer Investment Selection	42,781	21,901	(6,160)	58,522

The Scheme has no restrictions or specific capital requirements on the contributions and withdrawals other than as required by the KiwiSaver Act 2006.

Note 7: Trade and Other Receivables

Policy

Trade and other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment.

The trade and other receivables' carrying values are a reasonable approximation of fair value.

	2019 \$000	2018 \$000
Contributions receivable	518	344
Trade and other receivable to related parties		
Management fees rebate	23	19

Note 8: Trade and Other Payables

Policy

Trade and other payables comprise of liabilities, purchases of securities and investments that are unsettled at balance date and accrued expenses owing by the Scheme which are unpaid at balance date. These are initially measured at fair value and subsequently at amortised cost using the effective interest method.

Trades are recorded on trade date, and normally settled within three business days.

	2019 \$000	2018 \$000
Redemptions payable	184	157

All trade and other payables' carrying values approximate their fair value.

Note 9: Member attributed taxation

Policy

The Scheme is a Portfolio Investment Entity (PIE) under the Income Tax Act 2007. The Scheme pays tax on behalf of members meaning no income tax expense or deferred tax balances are recognised in the financial statements. PIE tax payable to Inland Revenue on behalf of members is recognised as a liability and is measured based on Prescribed Investor Rates (PIR) applicable to the individual members.

Tax losses are not recognised in the financial statements. However, these amounts are tracked and may be applied by members against tax payable in relation to their PIE investment income. Deductible expenditure incurred by the Scheme can be transferred to Master Superannuation Trusts in accordance with section DV 2 of the Income Tax Act 2007. This results in tax credits to the Scheme which is disclosed in the Statement of Changes in Net Assets.

	2019 \$000	2018 \$000
Opening attributed tax payable for the year	359	48
Member attributed tax payable for the year	623	381
Member attributed tax paid during the year	(392)	(70)
Member attributed tax payable at balance date	590	359

Note 10: Reconciliation of Net Profit to Cash Flows from Operating Activities

Policy

The Statement of Cash Flow has been prepared inclusive of GST, consistent with the method used in the Statement of Changes in Net Assets.

Cash reflects the balance of cash and liquid assets used in the day-to-day management of the Scheme.

Financing activities are those activities that result in changes in the size and composition of Members' accounts. This includes attributed tax elements of Members' accounts.

Operating activities are the principal revenue activities of the Scheme and other activities that are not financing activities.

Independent Auditor's Report

To the Members of Summer KiwiSaver Scheme

Opinion

We have audited the financial statements of Summer KiwiSaver Scheme (the 'Scheme'), which comprise the statement of net assets as at 31 March 2019, and the statement of changes in net assets, and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements, on pages 3 to 16, present fairly, in all material respects, the net assets of the Scheme as at 31 March 2019, and its changes in net assets and cash flows for the year then ended in accordance with New Zealand Equivalents to International Financial Reporting Standards ('NZ IFRS') and International Financial Reporting Standards ('IFRS').

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing ('ISAs') and International Standards on Auditing (New Zealand) ('ISAs (NZ)'). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Scheme in accordance with Professional and Ethical Standard 1 (Revised) *Code of Ethics for Assurance Practitioners* issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants*, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Our firm carries out other assignments for the Manager and the Scheme in the area of taxation advice. These services have not impaired our independence as auditor of the Scheme. In addition to this, subject to certain restrictions, partners and employees of our firm deal with the Scheme on normal terms within the ordinary course of trading activities of the business of the Scheme. The firm has no other relationship with, or interest in, the Scheme.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Other information

The Board of Directors of the Manager is responsible on behalf of the Scheme for the other information. The other information comprises the information in the Annual Report that accompanies the financial statements and the audit report. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and consider whether it is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If so, we are required to report that fact. We have nothing to report in this regard.

When we read the other information in the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the Board of Directors of the Manager and consider further appropriate actions.

Manager's responsibilities for the financial statements

The Board of Directors of the Manager is responsible on behalf of the Scheme for the preparation and fair presentation of the financial statements in accordance with NZ IFRS and IFRS, and for such internal control as the Board of Directors of the Manager determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Manager are responsible on behalf of the Scheme for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Manager either intend to liquidate the Scheme or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and ISAs (NZ) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the External Reporting Board's website at:

<https://www.xrb.govt.nz/assurance-standards/auditors-responsibilities/audit-report-2>

This description forms part of our auditor's report.

Restriction on use

This report is made solely to the Scheme's members, as a body. Our audit has been undertaken so that we might state to the Scheme's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Scheme's members as a body, for our audit work, for this report, or for the opinions we have formed.
